Congratulations for taking the alternative approach to your dog's health. HWF is designed to support the normal purification of the body in eliminating foreign substances and to support the normal circulation of the body process.

The HWF Tracker is designed to help you keep track while going through the cardiovascular detox period with your dog. When finished with the course we would greatly appreciate it if you leave a review.

Before you begin...

Before you begin make sure you have everything you need to start the course, including the HWF.

Recommended Products	Why?
----------------------	------

Vibactra Plus	Helps support the body's immune system.
Kidney Rejuvenator	Helps support the kidneys while eliminating the unwanted contaminants.
Hawthorn & Dandelion	Helps support the heart.
Life Cell Support	Helps support the liver during the end process of the detox.

Step by Step Instructions

Step 1: start the Vibactra Plus 4x daily for 30 days. After the 30 days, discontinue use.

Step 2: After you have discontinued the Vibactra Plus, start the HWF Basic or Premium Detox 2x daily for 16 weeks. (If using Kidney Rejuvenator and/or Hawthorn & Dandelion, start now.)

Step 3: Continue with HWF giving half the dose amount 1x daily for 8 weeks.

Step 4: Continue with HWF giving half the dose amount 1x daily. Add Life Cell Support 1x daily, preferred at night. Give both products for 4 weeks.
