PYNTRIL

Your Animal's Health is Our Concern

Organic & Wildcrafted

Helps Maintain Physical & Mental Well Being of Animals

Pyntril is used for canines, felines, birds, rabbits and guinea pigs for:

- ❖ Normal behavior patterns
- ❖ Coping with external stresses
- ❖ Maintain normal & relax disposition
- ❖ Balance the central nervous system
- ❖ Supports immunity
- ❖ Balance the normal inflammatory response system
- ❖ Fights free radicals

Mental/Behavioral Health

Your mind and body are connected. How you think, feel, and act affects your total health and well being.

Being healthy, mentally and emotionally, means you feel good about yourself, your relationships, and your purpose in life.

Our pets mental/behavioral health are affected the same way, and when they feel on edge, sad, angry, confused, or occasionally discomforted, they have tendencies to act out like we do. Their ways of acting out would be hiding under a table or growling/hissing when someone or something comes close to them. Other signs could be:

- ❖ Behavioral changes
- ❖ Excitement decrease
- ❖ Excessive sleeping
- ❖ Inactive
- ❖ Less energy
- ❖ Over eating
- ❖ Poor appetite
- ❖ Restlessness
- ❖ Withdrawn

Helpful Tips

The bond of a pet owner and their pet is emotional and when our pet's behavior pattern changes we want to help them. There are a few helpful tips we suggest you can do at home:

- ❖ A foundation for good health is a species-appropriate-diet. The food they eat will build up or tear down their health.
- ❖ Regular Exercise. Go for a daily walk/jog with your pet, just get them moving.
- ❖ Pyntril. Our customers that have administered Pyntril to their pets have seen their occasional discomfort eased, mood elevated, increased social activity, increase energy, and has helped with restless behavior.

Pyntril

Pyntril is a natural blend of certified Non-GMO, Organic and Wildcrafted herbs that may help promote a sense of relaxation and mental alertness without drowsiness.

You can purchase Pyntril in a 1 oz or 4 oz bottle. Each bottle comes with a 1 ml/cc syringe and instructions.

Pyntril can be used with all Amber Technology products.

For added support we recommend using the following:

- ❖ Occasional Discomforts: Pyntril & Petizol (for dogs)/Catizol (for cats).
- ❖ Nerve Support: Pyntril & DermaNERV
