# ADIZONE

Your Animal's Health is Our Concern

**Joint & Muscle Support for Canines**

Adizone is designed for canines experiencing occasional discomforts associated with:

- ❖ Long walks
- ❖ Running
- ❖ Jumping
- ❖ Climbing stairs
- ❖ Normal aging process
- ❖ Normal indoor & outdoor activities

### Joint & Muscles

Joints & Muscles are part of your pet's body that significantly contributes to their quality of life. When joints and muscles are in good working order, life is good. However, if something goes wrong, it can mean fewer adventures indoors and outdoors.

#### What causes poor joint & muscle health?

Age, overuse or underuse of the musculoskeletal system, injury, genetics, and poor nutrition.

#### Helpful Tips for Healthy Joints & Muscles

We can help our pets from free radical damage and inflammation through a species appropriate-diet and exercise. If your pet has poor joint & muscle health, supplement with Adizone and for maximum support add Amber Technology's Petizol.

#### Why is nutrition and exercise important to joint and muscle health?

- ◆ **Species Appropriate-Diet**  
A foundation for good health is a species appropriate-diet. The food they eat will build up or tear down their health.
- ◆ **Exercise**  
Exercise increases joint & muscle health by building strong muscle around the joints, and increasing flexibility and endurance.  
Exercise is vital for dogs who are experiencing poor joint & muscle health. Exercising a dog with poor joint & muscle health should start gently to get your dog's joints moving and progressively increase it as the dog's fitness levels rise. Regular, consistent, moderate exercise offers a whole host of benefits to our companions health.

### ADIZONE

Adizone may help ease occasional aches and discomforts in canine joints & muscles caused by training, competition, normal daily exercise and activities. For maximum support add Amber Technology's Petizol.

Adizone is made from the finest Non-GMO premium ingredients available. We purchase organic when we can and many of the ingredients we buy are wildcrafted, kosher, gluten free and they are all certified.

Adizone is available in a 1 oz or 4 oz bottle. Instructions and a 1 ml/cc syringe is provided with each product.

#### DIRECTION FOR USE
