PAXXIN

Your Animal's Health is Our Concern

Digestive & Immune Support

Paxxin is a natural blend of herbs designed to give the owner some peace of mind when it comes to your pet, such as:

- ❖ Lethargy (associated with normal body stress)
- ❖ Occasional loose stools
- ❖ Occasional change of color and strong odor of the stools
- ❖ Occasional loss of appetite

PAXXIN WORKS

Paxxin helps support the body's:

- ❖ Gastrointestinal tract
- ❖ Immune System

HELPFUL TIPS

When dealing with occasional stomach discomfort, it is very important to keep your puppy hydrated. Below are some helpful tips you can do at home.

- Administer Vibactra Plus 4x daily for added immune system support.
- Administer Oat Water every hour to keep hydrated and balance sugar levels.

Oat Water Recipe

- ☐ ½ gallon of water
- ☐ 1 cup of oats (Quaker Oats is OK)
- ☐ ½ cup of molasses
- ☐ 1 tsp of salt

Bring the water to a boil then add oats, salt, and molasses. Boil for 5 minutes, then let it sit for 20 minutes. After 20 minutes strain off the oats.

Administer every hour as needed. Look at the Paxxin dosing chart for further instructions.

For extra recipes go to:
www.ambertech.com/store/product/paxxin

- Rub molasses or pancake syrup on the gums every hour if the gums are pale. This will help balance glucose levels.
- Add Life Cell Support to help support the body's natural detoxification system.
- If your pet's stomach is too upset and not able to hold down any of these products or the oat water recipe, take your pet to the vet.

HOW TO KNOW IF YOUR PET IS HYDRATED.

To know if your pet is hydrated; simply pinch and twist the skin on the back of the neck, if it snaps into place instantly, your pet is hydrated.

We use only the finest ingredients

We only use the finest Non-GMO premium ingredients in our products. We purchase organic when we can and many of the ingredients we buy are wildcrafted, kosher, gluten free and they are all certified.

Paxxin comes in a 1 oz or 4 oz bottle. Each comes with a 1 ml/cc syringe and instructions.

DIRECTIONS FOR USE

For use in Canines, Birds, Rabbits & Guinea Pigs only.

WEIGHT	DROPS	ml/cc	OAT WATER
Under 3 lbs	2	0.06	1 tsp
3-10 lbs	5	0.15	2 tsp
11-25 lbs	10	0.30	1 Tbsp
26-80 lbs	13	0.40	2 Tbsp
81-150 lbs	15	0.45	3 Tbsp
151-250 lbs	20	0.60	4 Tbsp

Canines

General: give every 15 minutes for the first hour, then every hour until the animal's stomach is calm for 6 hours. Afterwards, give 4 times daily for 2-3 days.

Immune Support: give 4 times daily for 5 days, take a 2 day break, then give 2 times daily for 5 days.

Birds, Rabbits & Guinea Pigs

Add 20 drops to every 8 ounces of water.
